

Round Pond State Park

South Hero, Vermont

Round Pond Natural Area is one of the most beautiful properties on the lake, with 150 acres of rolling hills, field, and forest that provide wonderful views of Mount Mansfield. It includes a critical lakeshore and a wetland area that is home to nesting and migrating waterfowl and two rare plants: slender bulrush and pale vetchling. The Lake Champlain Land Trust, South Hero Land Trust, Vermont Land Trust, and the Nature Conservancy preserved this critical natural area on the South Hero Island in 2001. An easy trail leads visitors down to Lake Champlain through meadows and forests. This unique mix of habitat makes Round Pond an excellent place to visit year-round: great for hiking, snowshoeing, birdwatching, and picnicking!

Directions and Park Information:

Take Exit 17 off of Interstate-89 to Route 2 West towards the Islands. Take first left in South Hero onto Landon Road. Follow Landon Road for about 1/2 mile, then turn left onto East Shore Road. Follow East Shore Road down a small hill and park in the gravel pull-off on the left side of the road. The trail entrance is marked by a bright orange gate.

Round Pond Natural Area is managed by Vermont's Department of Forests, Parks, and Recreation. Hikers, hunters, snowshoers and birdwatchers are welcome.

Round Pond is one of dozens of properties saved by the Lake Champlain Land Trust. Since 1978, the Lake Champlain Land Trust has preserved thousands of acres and miles of shoreline on Lake Champlain. To help us save more irreplaceable natural areas, please donate through our website www.LCLT.org!
